The BioFit Advantage

Laboratory Applications

Laboratories present unique challenges when it comes to seating, including the ergonomic and comfort expectations of users, the ability to comply with specialized, ultra-critical requirements, cleanability and more. Beginning with our award-winning MVMT® line, developed precisely for the way lab workers move and sit, BioFit offers three distinct lines of laboratory seating solutions, each designed to meet exacting specifications and user needs.

1—Products featuring full adjustability and ergonomic support to optimize user comfort

2—Seat-height ranges of up to 33.5" with no loss of adjustability or stability

3—Critical performance configurations ranging from easy wipe-down to ISO 3 clean room packages

4—Models engineered for 24/7/365 durability; nearly all are backed by a 13-year warranty

MVMT® Line Pro Series Seating: Model shown with tall backrest, medium seat height range, wide aluminum base, adjustable arms and footring, black vinyl upholstery, resistance casters and chrome finish on metal parts.
Manf. code MP-1-TB-P28-M-RC-PM-AFP-3D-C-P28540

Foundation Line Elite Series Seating: Model shown at medium seat height range with tubular steel base, affixed footring, black vinyl upholstery, resistance casters and chrome finish on metal parts. Manf. code EES-M-RC-T-XF-XA-C-P28540

Contact BioFit at biofit@biofit.com or 800.597.0246 to learn how we can solve your lab seating challenges, and be sure to ask about our quick-ship and sample programs.

BioFit Customer Advantage

BioFit's focus every day is to improve the workplace experience through ergonomic performance, comfort, style and reliability.

Leading the Industry in Technical Seating—Your ergonomics seating solutions source: Identified by a majority of the top 50 experts in the ESD and clean room industry as the source for technically superior seating solutions.

Product Advantages—Lowers cost of ownership: Nearly all BioFit products are warranted to the original purchaser against mechanical or structural failure due to defective material or workmanship for 13 years of normal, multi-shift use. Pneumatic cylinders are covered for the functional lifetime of the chair or stool.

Supply Chain—Higher customer satisfaction: No-surprise delivered prices – ground freight to lower 48 states included on all orders over \$3,500 list pricing.

Value-added Services—Assure you get the seating solution you need: Due to the modular construction of our products, users can use the Build Your Own Chair seating configurator to create, request a quote and order seating for their unique requirements, right from their smartphone. Plus, BioFit offers a 30-day “try before you buy” sample program, allowing customers to field-test seating at their location.

More Than Seating—BioFit Tables & Carts: BioFit manufactures a full line of mobile folding tables, cafeteria tables and multipurpose carts.

Shop the leader, shop biofit.com today!

Award-winning seating solutions for education, technology, industrial, laboratory, healthcare, office and custom applications.
