### FEATURES

- Intuitive touch controls
- Stainless Steel vacuum vessel
- Modular design
- Durable powder coated cabinet (10K/24K)
- Caster mounted
- Superior vacuum performance
- Optional step for 38K
- Blood bag inventory control system and capacity details are available upon request

Notes:  
 (1) Evaporation rate and static holding time are nominal. Actual rate may be affected by the nature of the contents, atmospheric conditions, container history, and manufacturing tolerances.  
 (2) Work time is an arbitrary, reference-only value to estimate container performance under the actual operating conditions.  
 \* When using K Series freezers in vapor phase, Aluminum racks must be used.
