

Thermo Scientific Value Lab Refrigerators, Freezers and Combination Units

An economical solution for safe, sample storage.

Model No. 05LREETSA –
5.5 cu. ft. lab refrigerator

Thermo Scientific Value laboratory refrigerators, freezers and combination units are particularly suited for routine laboratory applications with sizes ranging from small benchtop to full-height freestanding. Our features are not available in domestic models and meet the demanding requirements of the laboratory environment.

Available in North America and select countries, consult your sales representative for availability.

Alert: These units are not intended for critical lab samples. Storage of high value, life science materials or clinical biologicals may require alarm, monitoring,

back-up and temperature performance features. The need to add these features should be determined by your industrial hygienist or safety officer. These units are not suitable for corrosive environments.

- Factory tested prior to shipment
- NRTL listed
- Environmentally-friendly, non CFC refrigerants
- Adjustable temperature control
- Easy-to-clean, durable finish
- Manual and auto defrost combination units
- Manual defrost refrigerators and freezers

Warranty: 13 months parts and labor

Model No. 25LCEETSA – 23.2 cu. ft.
combination refrigerator and freezer

Model No. 20LFEETSA – 20.9 cu. ft.
lab freezer
