

TW XT21-AI

AI SMALL FREEZER

STRONGER. STURDIER. AND BUILT TO PERFORM.

Our Extended Time animal insemination small freezer is designed for long-term storage at cryogenic temperatures under the most challenging conditions.

Innovative features that work harder for you:

- Rugged Construction – Ribbed high-strength aluminum body
- Durable Design – Improved magneformed neck tube for demanding field use
- Convenient Storage – Numbered canister index ring and tapered internal spider
- Superior Vacuum Performance – Added super insulation for maximum holding times
- Reliable – Designed and built to stringent specifications, backed by a five-year vacuum warranty

Enhance your XT21-AI with optional accessories:

- Liquid Nitrogen low-level alarm
- 5" canisters available
- Convenient roller base
